ASSEMBLE!

HERE'S HOW: Trim out the 4 pieces that form your papercraft as indicated. Don't forget to cut the assembly slots in each piece. Roll the base piece into a loop-type shape and secure by sliding the two vertical BLACK slots into each other. (Loose ends stay INSIDE the loop.) Then insert the background, middleground and foreground pieces into the base by aligning the corresponding RED, BLUE and GREEN slots.

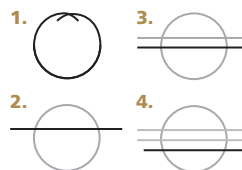

Middleground piece:
Cut out on yellow line
around ghosts and right
on art-edge
around the green
portion of the piece.
